

MOONBEAMS®
COME SEE MY BUG
KIDS' PAGES

“You should watch what the ants do and learn from them.” Proverbs 6:6b (ERV)

Can you catch the butterflies? Use a crayon to follow the path each butterfly takes as it flies away.

COME SEE MY LADYBUG

Help the ladybug find her spots. If you have a brother or sister, add 5 white spots. If you don't have a brother or sister, add 6 black spots.

COME SEE MY BABY BUGS

Help the baby bugs find their mommies. Draw a line from each baby to the mommy that matches.
